WE NOMINATE

Judith Eve Sachs, a scholar's librarian or a librarian's librarian, who this past week with the publication of *The Institute for Advanced Study: 1930-1954* wrote a new chapter into the history of "Princeton Past and Present" and demonstrated beyond doubt that present-day Princeton might never have been, if it had not been for the Institute. While the publication of a bibliography, particularly in a community such as this, seldom makes headlines, the 270-page volume lists the some 4,000 publications which have stemmed directly from the scholarship and research carried forward at the Institute since it was brought into being just a quarter-century ago by Louis Bamberger and Mrs. Felix Fuld.

Seldom, if ever, has a simple A-to-Z listing—from John L. Ackrill to Leo Zippin—provided more dramatic documentation of the development of a unique institution, an Institute that awards no degrees and admits to membership only those who have already taken their highest degree. Among the 1,000 former and present members of the Institute listed in the bibliography are nine winners of Nobel Prizes, ranging from Albert Einstein to T. S. Eliot, such distinguished historians as Arnold J. Toynbee and Sir Llewellyn Woodward and a liberal sprinkling of the "great" in the realm of science-in-government-service, including Robert Oppenheimer, John Von Neumann and John A. Wheeler.

The monumental task of preparing the bibliography, an idea that originated with the Institute's 15-man Board of Trustees, was undertaken by Miss Sachs, an enthusiastic Princetonian of 11 years' standing, who devoted 30 months of her "spare time" to gathering

data from the four corners of the Free World. Letters of inquiry went forward to all former members of the Institute, excepting the handful now behind the "Iron Curtain," and Miss Sachs, with a reading-knowledge of eight different languages, spent weeks on end verifying every entry, because she discovered that men and women of distinction are forgetful and that some of the Institute's most distinguished members are "so modest that even now they don't have accurate listings of their own works."

Miss Sachs, the daughter and granddaughter of German scholars, and a naturalized American citizen since 1944, has been largely responsible for the growth of the Institute's working library, that under her guidance has jumped from 24,000 to more than 40,000 volumes. Possibly the only front-rank librarian ever to have received her "library degree" after earning her doctorate of philosophy in the humanities, she is an omnivorous reader of book-catalogs of any and all descriptions and is known in library circles for "spotting" literary rarities in the mimeographed duplicate-listings of European libraries, a gift which has enhanced the holdings of the Institute's fabulous Rosenwald collection of early scientific texts.

For broadening Princeton's understanding of all that the Institute means to Princeton; for preparing one of the notable "Princeton publications" of the past quarter-century; for documenting how new knowledge and ideas "find their way into the worldwide communities of science and scholarship;" she is—at the dire risk of incurring her extreme displeasure—*Town Topics'* nominee for

Self-Restraint, Please. While the world sits back to let the deep significance of the successful Salk Polio vaccine sink in, Princeton (like every other community in the nation) has begun the wait for full distribution of the serum.

Black marketing of the commercial vaccine is predicted at the worst in some parts of the nation, as anxious parents and individuals seek out the wonderful new protection against the crippling disease. Princeton doctors, many of whom found that the stream of inquiring calls about the vaccine during the two-week build-up turned into a flood after the carefully-staged announcement, are asking for voluntary control until sufficient supplies become available.

Dr. J. Leonard Moore, Princeton member of the American Aca-

More Daylight Favored

Eighty percent of the people of New Jersey hope that the law extending Daylight Saving Time through October will be enacted. The figure was made public this week by the New Jersey Poll, conducted by the Princeton Research Service.

Heavy support for the move was voiced in metropolitan, suburban and rural areas alike, the poll reported. Men and women were likewise largely in favor of another month of Daylight Time, as were all types of occupational groups.

New Jersey will extend Daylight Saving for a month provided Pennsylvania and Delaware take similar action. However, confusion will develop for commuters and others traveling frequently to New York if they do not, since that city has already planned to defer its return to Standard Time until the end of October.

den of Pediatrics, this week released the Academy's recommendations concerning the immediate use of the polio vaccine.

First and second grade children in the nation's schools are scheduled to receive the vaccine without charge, through the National Foundation for Infantile Paralysis. Recognizing the insufficient commercial supply and the needs of certain age groups and categories, the Academy's advisory resolution reads:

- (1) While commercially available polio vaccine remains in limited supply, physicians are urged to reserve the vaccine for pre-first grade children over one year of age; for school children in grades three through eight and for pregnant women.
- (2) The public be informed of the temporary need for voluntary control.
- (3) The local community be alerted to the need for providing some method whereby vaccine can be made available for those in the priority groups but unable to pay.

Fire Report. Princeton firemen, who have known weeks to pass without hearing a general alarm, last week were on the move once every 48 hours. Tuesday was marked by the blaze that seriously damaged Murray-Dodge Hall on the University campus, while Wednesday night produced another in the long series of increasingly irritating false alarms. This one, from Box 42 at Mercer and Edgehill, sent the men and engines on a fruitless tour of numerous fog-shrouded streets.

Saturday found the early-spring dry spell creating a hazard in nearby fields and forests. While hundreds of acres burned in northern New Jersey, much smaller but time-consuming fires dotted the Princeton countryside.

Sunday evening at 7:32, a passerby in Witherspoon Street ran into Lahiere's Restaurant and called police headquarters. "There's a big fire in a store down the street from here," he told Sergeant Carl Anderson on the desk.

The alarm that followed immediately brought firemen to the three-story yellow-brick Branch Building, in which Leonard's Department Store at 29 Witherspoon Street was "a sea of flames." —Continued on Page 2

Within minutes, the plate glass windows burst across the sidewalk (but caused no injuries); flames quickly gutted the entire interior and ate their way upward to the second-floor television repair service headquarters maintained by the store.

Serious damage from smoke and water were also suffered by Hill's Market next door and by the Skillman Furniture Exchange in the basement. The fire also threatened but did not greatly

harm the offices of the Capital Finance Company and Benson & Benson, Inc., on the second and third floors.

Lawrence E. Benson, the research firm's head, has been the owner of the familiar landmark for the past three months. Shortly after the turn of the century, the Branch Building — then a wooden structure — burned to the ground. This time, a tentative estimate of the cause advanced by Fire Chief Charles J. Roeknak was overloaded electric wiring. No official figure on the total loss involved in damage to the building, fixtures and merchandise was forthcoming, but it could well be counted in the tens of thousands of dollars.

Library Debated Again. Princetonians interested in the fate of Princeton Theological Seminary's 110-year old Lenox Hall Library will have another fortnight to wait. Expected to reach a decision Tuesday night on whether or not it would grant an easement of air and light to permit construction of the Speer Memorial Library on Mercer Street where Lenox stands, the mayor and council postponed their answer to permit further study of the matter and an informal conference with President John A. Mackay.

Tuesday night's meeting was punctuated by comments from a half-dozen Princetonians, most of whom were opposed to any legislation that would seal the doom of Lenox Hall. Talk of moving the massive mortar and stone structure (at an estimated cost of better than \$150,000) has virtually abandoned.

If the borough council passes a resolution giving the seminary a strip varying in width from 11 to 29 feet, the last obstacle to construction of the Speer Library will have been removed. The question hinges on the governing body's belief in its right to plan the future of a park (the Josephine Thompson Swann estate) which was willed to the people of Princeton. Even a decision concerning pure space, such as the easement involves, affects the terms of the will, the council holds.

Other business included acceptance of the resignation "with extreme regret" of Albridge C. Smith, 3d, 62 Hodge Road, after more than a decade of service on the Zoning Board. Arthur H. Morgan of 18 Hibben Road was named to succeed him. Henry A. Jandl of 30 Russell Road was named to another three years on the Building Board of Appeals.

Russell H. Shangle of Witherspoon Street will become a chanceman (probationary patrolman) on the police force next June 7. The date is his 21st birthday.

Polls Open Tuesday. Tuesday's primary voting (polls open from 7 a.m. to 8 p.m.) would be certain to set an all-time low in public. —Continued on Page 4

It's New to Us

Tiger Grows. Car owners, like most buyers of roller skates for the young, recall that Tiger opened at 13 Witherspoon. This weekend, Tiger is stretching its legs still larger quarters, the Mansions, who own the store, have taken them premises at 24 Witherspoon, opened a wide arch in the wall between numbers 24 and 26 and spread out their stock for all to see.

If you go in to browse this Friday and Saturday, you will get a free key made, as a gesture of welcome and good will. No need to buy anything — a "just looking, thanks" is enough to earn you the key. —

The new addition is bright with cream-colored paint, steel and wood shelving and a masonry display wall. The 1400 square feet of additional space will house American and English bikes, sporting goods for every game from baseball to croquet, fishing tackle, such camping necessities as stoves lanterns and the like, toys in the big wheel cate-

gory, and the smaller ones, too. There will also be a new service for Tiger Auto: a bike repair shop for both English and American bikes. The north half of the building, 26 Witherspoon, will house tool and sundries stores like the like. Ladies who shop will find here radios and household appliances, as well as the kitchen wares that Tiger has always carried.

Hey Ho Hello. On down Witherspoon at Morris Men's Shop (30 Witherspoon), the spring air is filled with the sound of socks like plain old violet to us, but in the men's wear world, it's heile. It grows into a rayon sports shirt with dark grey splashes in white, or a pink and black also. It's sparsely a cap of small argyles made by Holeproof and featured in a Life magazine ad. These are nice socks, by the way: other shades include red, yellow, blue, charcoal, and so on, and the patterns are all over-phaid. One dozen includes red, yellow, blue, charcoal, and so on, and the patterns are all over-phaid. One dozen includes

Jayson makes a helio shirt in the classic style, with long sleeves and French cuffs. It comes in yellow, and pale pink too, for conservatives. There's another sports shirt made of a fabric identified only by the name Velvetaouch. (Fool me like a pair of very old, very soft socks.) —

This shirt is a solid color piped in contrast, with two contrasting stars embroidered on one collar point. The pink shirt has navy, the navy has pink, and the chocolate shirt has — hold it, please — helio. —

A new sports jacket this year is a regular jacket at \$29.50, made in charcoal with faint pink flecks in a horizontal pattern. The corduroy sports jackets in charcoal and black are still in good supply.

We liked an outerwear jacket that is zippered with plaid on one side and small roundish checks on the other. Its cuffs button and its waist is held in with elastic. The price is \$13.95. We liked the jacket there are dark flannel like the three-button Oxford or Cambridge girls. Charcoal gabardine makes a two-button suit with three patch pockets. It's lighted in weight than the flannel, and good for now.

Key Pop. The new key case they have at Stone-Wald's, Princeton's gift shop at 15 Palmer Square West, is a square pouch of cowhide with one open end. The opening is closed with a snap if you'll allow us the contradiction by means of those spring closures you occasionally find in ladies' handbags. The pouch inside is lined, they are secure. When you want them, grasp the open end and squeeze with one hand. They'll spring out, still firmly fastened to a catch inside the pouch. Costs \$1.

If cold buns are one of your problems, consider a bun warmer with a zipper. It's a sort of sleeping bag, or baby bunting for a muffin. Slip the warmer on the basket, tuck in the buns and zip them shut before they can set. You can get it in white and its basket cost \$2.95 and would also make an excellent bed and blanket for a baby doll.

The hammered aluminum people have seen at Stone-Wald's a new one which fits certain snails. Twelve inches high, or so, it holds three Pyrex lined dishes, suspended like baskets in a ferris wheel. Fill them with potato chips or let's d'oeuvres ("Pyrex," you say), and you just spin. We can picture this wheel after the third round of drinks, but that is the hostess' problem.

English sachets are the newest Stone-Wald acquisitions. They are two-inch squares scented with Devon violet ("English rose, lavender"), — Continued on Page 20

lic interest in politics or more than a lone contest developed hours before the petition-filing deadline last March. With the battle among the Democrats, however, there is little incentive for Republicans to vote merely as a matter of form.

It was after the nominating session held by the Democratic Club that a petition was filed on March 9 that a petition was circulated for Edward T. University undergraduates arrested a fortnight ago when they visited Princeton campus in connection with their bicycle and bags of laundry were fined in borough court this week. Each paid \$10 plus \$5 costs of court after pleading guilty to a disorderly conduct.

Lorando Hernandez, 22½, John Street, received a 30-day jail sentence from Magistrate Ennis R. Chesher for fighting. Robert Marshall, same address, paid \$5 court costs for the offense and given a \$20 suspended fine.

Last week, court action involved a Princeton University sophomore who was fined for overnight parking skyrocketed from \$1 to \$2 when he became involved in an argument with Mrs. Alice Schenck, clerk in the Violation Bureau.

John H. Souder brought in 100 unwrapped pennies to pay for his parking ticket. Asked to present them in proper form, he became abusive. Mr. Souder complained to Patrolman Arthur Gallant, who charged him with disorderly conduct. The resultant \$25 fine and the parking violation were paid in full.

Deep in Drains It seemed like several nights at Township Hall this month that the Township Committee legislated, listened and opined on various aspects of the subject.

Pursuing ordinances raising the sewer connection fee and adjusting sewer service charges, the committee also created a five-member permanent board of assessors with Mayor Wallace citing the forthcoming assessment of the trunksewer from the Shopping Center as bringing the assessment problem to a head. In addition, the committee heard a proposal requesting a sewer connection for lots to be developed by the Columbus Boy Scout Troop; attacks on the adequacy of the storm drain on the slope of the Valley Road School; comments on poor drainage of Moore and Guyot Streets; and questions on drainage systems on homes being built on the Stony Brook side of Quaker Road.

Property owners on Ridgeview road requested a fire hydrant. The town held its first hearing on an ordinance soliciting financing of the Valley Road storm drain from current outlays to a seven bond issue.

In addition, the committee granted permission variances to permit a 500-gallon propane gas storage tank for Chin's Chinese Restaurant and the purchase of the historic Kingston Mill by Second LaPlache of Nassau Interiors, a furniture storage warehouse.

The one-hour parking ordinance on Lehigh Avenue will be sharply reduced in the immediate future, as part of an effort

IF YOU ARE THINKING OF GAS HEAT ---

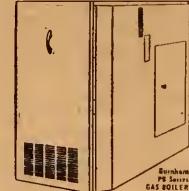

THEN the INFORMATION Below Is

MUST READING FOR YOU!

Features of the NEW

BURNHAM • BOILER

WITH TANKLESS HEATER
and POWER BURNER!

1. LOW FUEL BILLS FOR HEATING:

This gas boiler is so heavily insulated and so well designed that the heat wasted in the cellar whether burner is on or off (called "standby loss") is hardly more than equivalent loss of a good automatic gas water heater. Its power burner, usually found only in large commercial jobs, introduces secondary air. This gives a hotter flame, thus conserving gas and reducing your fuel bill further.

2. LOW FUEL BILLS FOR YOUR HOT WATER NEEDS:

The same boiler which heats your house, when used with a tankless heater (optional), can provide you with all the hot water you need to wash dishes, clothes, and yourself. The Burnham gas boiler therefore has only one "standby" loss for each of the 12 months of the year. Most gas boilers cannot operate efficiently with tankless heaters — and you must buy two heating instruments to do the job which Burnham does with one. With two heating instruments you get about the same 12 month a year "standby loss" on an automatic water heater, plus a "standby loss" for eight months of the year heating boiler during the heating season.

3. LOW FIRST COSTS:

The Burnham boiler with tankless heater costs less than an equal quality boiler plus a good quality automatic water heater, especially when you add in the extra labor and piping.

4. PLENTY OF HOT WATER:

You can't beat the instantaneous feature, favorite with dealers on oil boilers for many years. And because of the low "standby loss" you can economically install a larger size boiler than would be required merely for heating your house. This is especially convenient where you have two complete bathrooms, or other fixtures making heavy demands on hot water such as dishwashers. The difference in fuel costs if you increase the boiler size by one section is "peanuts" in the opinion of leading independent public utility engineers.

5. DRY CELLAR, WELL PRESERVED BOILER:

Without summer boiler operation with a tankless heater, your boiler may rust from disuse in a damp cellar caused by condensation. And even if you waste fuel by keeping your pilot light on to prevent this, you will not get enough heat to take the dampness out of the cellar—you will not be able to prevent rusting of tools, etc.

6. HANDSOME APPEARANCE, SPACE SAVING SIZE:

See it in our showroom.

7. THE PROOF OF SATISFACTORY PERFORMANCE:

Until this boiler came out many experts doubted whether a satisfactory gas boiler could be mass produced with a tankless heater. This boiler, designed by Tony Donohue — inventor of the modern wet base boiler design — has proved itself in countless installations right in this area. It is fully approved by leading public utilities.

irony of it all is that almost half while projects because of insufficient funds. Any one of these could have been saved if the cancer had been detected early enough," Mr. Mason stated.

Carrying the cancer message to all parts of the country is part of the program of the American Cancer Society. Mr. Mason continued. The society has set a goal of \$7,800 to be raised in this area.

Forces Joined. Affiliation with the Princeton Agency, Inc., to provide specialized service of life insurance accounts was announced this week by Edmund Cook & Company. Edmund D. Cook, president, commented in making the announcement that the move was in line with similar steps being taken by large real estate and insurance companies throughout the country.

"Separate organizations can best handle each branch of business because of the constant increasing demand and specialization in each field," Mr. Cook pointed out. He added that while his company will continue to accept all calls for insurance service, The Princeton Agency will handle the actual details of the company's accounts.

The Princeton Agency is headed by H. C. Sturhahn, who has more than a quarter-century of experience in the insurance industry in New York and Princeton. Mr. Cook, who has been in real estate and insurance for 32 years, has termed the affiliation with The Princeton Agency "another step in our company's policy of constantly improving the service of its various departments."

Paris Scenes at Gallery. "Paris, 1954," an exhibit of 25 paintings by James Kupperman, may be seen currently at the Little Gallery on Palmer Square.

Mr. Kupperman, was born in Vienna, but was forced to leave just before the German invasion. Following service with an army in Italy at the end of the war, he devoted himself to the study of art, entering the Art Students

Nation-Wide Alert Coming. Members of Princeton's Company B of the 253d Tank Battalion, New Jersey National Guard, will be among 400,000 guardsmen throughout the country taking part in the nation-wide one-day alert scheduled for some time in April. Army and Air National Guard units in some 2,200 communities throughout the U.S. will participate.

Known as "Operation Minuteman," the alert is the first of its kind to be planned in the nation. Captain Stanley L. Donald, Com-

pany B commander, announced this week that it is being scheduled for training purposes only and does not affect the individual citizen. "Operation Minuteman" is designed to test the mobilization plans of all National Guard units.

The exact time of the alert, which will be set in motion at the Pentagon in Washington, will be kept secret until the last minute. It will be coordinated to reach New Jersey and other states, as well as the District of Columbia. —Continued on Page 10

Blood Bank for Lawrence? An open meeting this Tuesday in Township Hall is expected to pave the way for a blood bank for Lawrence residents. Statistics show the Princeton blood bank has provided free blood worth as much as \$24,000 during the past five years.

The meeting will be held at 8 p.m., with representatives of all groups within the township invited. Engaged by W. H. Det-Roxin, the血库 director of the township nurse Mrs. Mary Smith, the meeting is expected to bring about a regular blood donor and supply program.

Preliminary arrangements have been made with the aid of Dr. Stanley E. Apple, while Dr. David

A. Fluck, head of McKinley Memorial Hospital laboratory service, will speak at Tuesday's meeting and administer the projected blood bank.

While the bank would be run through McKinley Hospital on Broad Street, a blood bank would be open to the public, making it possible for Lawrence residents in other hospitals to obtain free blood. It is expected that Lawrence, Trenton, and Cross branches (Trenton one Princeton) will be asked to help with any expenses incurred.

At present, blood typing is required for a blood bank, but pooled blood in specific cases, while donations can be obtained only by extensive telephoning for possible donors. A blood bank would make the life-saving aid available immediately and without charge.

granted by Public Utility Commission. The company petitioned for a 30% increase, but the PUC, while agreeing that the company is entitled to more revenue, allowed an 18% jump only because it considered the proposed schedule unreasonable.

The increase was granted because of rising labor and materials costs. The water company was started in 1923. The rate increase is scheduled to take effect on July 1.

The water company last year pumped 1,000,000 gallons of water to 350 Lawrenceville homes from its two artesian wells. When it was started, the company first brought water to 100 homes. Water table conditions are most favorable, according to Frank Pierpol, secretary of the company.

Minstrel and Variety Show. New members will be welcomed at Lawrenceville Fire Company's minstrel show this year. The annual event is scheduled for this Thursday through Saturday evenings (8:15 nightly) in the auditorium of Lawrence Junior High School.

Tickets (\$1 adults, 60 cents children) may be obtained from members of the fire company, Pierpol's, Tracy and Brain's, service stations. Proceeds go towards the new firehouse. Frank Baldwin is directing and William Pointell is playing the piano.

Robert Hopkins will be the entertainer, assisted by end men James Hopkins, John Moriarity, William Donnelly and Richard Coffey. Frank Bussom will perform during intermission.

Rummage Sale. The women's association of the Lawrence Road Presbyterian Church will sponsor a rummage sale next Friday, May 23, from 8 a.m. to 8 p.m. in the church basement.

A wide variety of articles including much children's clothing will be offered in the semi-annual rummaging event. Members of the congregation include Mrs. Albert Clark, chairman; Mrs. Frank Ricato, Mrs. John Vets, Mrs. Charles Fritz, Mrs. John Gandy, Mrs. Robert McAllister and Mrs. Harold Crosan. Mrs. Donald McGowan is president of the association.

Auxiliary Meeting. The women's auxiliary of the Lawrence Road Presbyterian Church will hold its meeting this Monday at 8 at the home of Mrs. Ann Van Sickle, Lawrenceville-Pennington Road. The shift is the current construction work at the church.

Mrs. Ann Ross, auxiliary president, will preside at the business meeting, as which final plans for the anniversary banquet May 4 will be discussed. Mrs. Eleanor Hibbs is in charge of reservations for the event. Hostesses Monday will include Mrs. Raye Higgins, Mrs. Hetty Golding, Mrs. Vivian Hueter and Mrs. Andella Pierson.

Newspaper. New members of the Lawrenceville Fire Company and Robert F. Franklin, Frank Reining and Charles F. Vanderbuilt. Charles F. Hirsch and John Philbrick will head the committee for the township's annual cleanup day.

The ordinance creating major fines and possible jail terms for minors misstating their ages in taverns has been passed ... Pat Collier, 16, of Main Street Avenue will be the paid secretary of the new Recreation Commission.

News of the Theatres

Players' Return Possible. Discussions this week have raised the possibility of a 1955 season for the University Players here in Murray Theatre on the University Campus.

It is understood that Philip Minor, one of the leading actors for the Players in the past two seasons, and L. H. Herndon Werth, business manager for the company, are the chief figures in the move to continue the young group, which had great success both in 1953 and 1954.

While off to a comparatively late start, a new company can be expected to take advantage of the groundwork prepared by its predecessors at the Murray. Budgeting and casting are understood to be the major obstacles now being contended with.

THEATRE INTIME

Tickets for Theatre Intime's major spring production, "Love for Love" go on sale this Friday at the University Store. Rehearsals for the famous Restoration comedy by William Congreve are now under way, with the run set for May 5-14 in Murray Theatre. Intime's other spring venture, the annual bill of prize-winning one-act plays, will be put on next weekend, Thursday - Saturday, April 21-23. There is no admission charge for the one-acters, and seats are first-come, first-served.

THE PLAYHOUSE

A Man Called Peter (April 13-19) is the CinemaScope and color film biography of the famous Presbyterian minister, Peter Marshall. The film has a marvelous acting performance from Richard Todd in the title role, a nice leavening of humor, and a half dozen powerful sermonettes which are its high points. But the treatment while sincere, is superficial and lacking in drama. Jean Peters is

PIANISTS: Charles Rosen (left) will be heard Sunday afternoon in Procter Hall while Iren Marik, a native of Hungary, will play for the Sweet Briar College benefit concert at Princeton High School Saturday, April 23. (See Music in Princeton, page 18).

seen as Catherine Marshall. Completing a week.

The Glass Slipper (April 20-23) is a fairly literal if pleasant rendering of the Cinderella story. Its charm, with Leslie Caron as chief charmer, should please children more than adults, and another dose of imagination would have been welcome. The tale is told in song, dance, ballet and color. Michael Wilding, Estelle Winwood and Ballet de Paris assist.

THE GARDEN

Chief Crazy Horse (April 14-16) is a regular mistreated-Indian western, handled a bit more carefully than usual. Victor Mature plays the noble and fiery warrior in question; Suzan Ball is his squaw; John Lund his white friend, and Ray Danton his chief tormentor. In color and CinemaScope.

Notorious (April 18-19) is a re-issue of the 1946 film starring Ingrid Bergman and Cary Grant. Not reviewed at press time.

Deep in My Heart (April 20-23) is the fictionalized biography of the popular tunesmith Sigmund Romberg and typical Hollywood treatment allows plenty of room for more than a dozen Romberg songs and dances. There is comedy and considerable sentiment, too, and fine performances by Jose Ferrer and Helen Traubel (in her notable film debut). Many other well-known stars take part, but the film avoids the usually multi-star hodge-podge effects.

RKO LINCOLN

"**East of Eden**," the film which has won fabulous reviews as a powerful adult drama, is currently on the screen of the RKO Lincoln Theatre in Trenton (25 North Warren Street). The film was taken by Elia Kazan from the closing portion of John Steinbeck's novel.

In CinemaScope and color, the film is outstanding in every department. The story of the struggle —Continued on Page 18

Cowboy's Opinion

"Bus Stop", the William Inge drama which premiered at the McCarter here, is currently enjoying a successful run on Broadway and is said to be a leading candidate for Critics Circle and Pulitzer awards. This department, which objected to the play's smooth writing in place of content, was interested to find the following opinion from a member of the cast in the current issue of "Cue" magazine:

"It's a commercial, slick job. Its stuff about loneliness is just surface. It's not subtle. The public has been educated to commercialism. They don't get plays with something to think about."

The opinion was that of Albert Salml, who won excellent notices for himself, although he was a last-minute out-of-town replacement for Jerome Courtland as the cowboy-rodeo star.

Having received notable reviews for his Town Hall concerts, recordings, as well as other recitals, Mr. Rosen will leave his position as an assistant professor at M.L.T. to make a concert tour of Europe next year.

His program here on Sunday will include "Phantasie," Opus 17, by Schumann; "Three Etudes" by Bartok, three one-part "Inventions" by Arthur Berger, and "Le Tombeau de Couperin" by Ravel.

Yarborough to Stage Musicals. Productions at the Music Circus in Lambertville this summer will be staged by Bertram Yarborough, who has been director at the Melody Fair music theatre in Toronto for the past four seasons and previously a director and producer for his own summer theatres in New England, the Mid-West and in Richmond, Va.

Producer St. John Terrell has announced an 18-week season for the Music Circus. The opening production will be "The Merry Widow" starting June 4, with "Wonderful Town", "Me and Juliet", "The Golden Apple", "The Girl in Pink Tights" and "By the Beautiful Sea" among the other musicals planned.

The Music Circus has announced that it will present the American Premiere of Noel Coward's "After the Ball" starting August 2. St. John Terrell has also obtained an option for a New York production and the stock rights for five years.

Mr. Coward wrote a new book, music and lyrics for the operetta based on the famous play "Lady Windermere's Fan" by Oscar Wilde. The British production of the romantic story of 1890 London opened last May.

Short Notes. The starting time for the Princeton Film Forum programs has been shifted to 8:00 p.m. The third in the series will be shown this Monday at 8 in the First Presbyterian Church. A group of animated films will be shown.

Dr. Francis Ferguson of Princeton and Norris Houghton, Princeton '31 and co-producer of the Phoenix Theatre in New York, will be the speakers on "Theatre Arts in Modern America" which is part of a two-day "American Arts Festival" sponsored by Barnard College. They will talk at the final lecture on Saturday, April 30, at 8 p.m.

first of all, and secondarily in the orchestral accompaniment underlying the declamation. There are no new songs, although a few representative musical ideas will be definitely recommended.

Monteverdi's "Il Combattimento di Tancredi e Clorinda" will be on the same program. Tickets are now on sale at the University Store (tel. 3333).

Short Notes. The Princeton Society of Musical Amateurs meets this Sunday starting at 5:15 in memory of Miss Fine's School. Professor Elliott Fortune will direct.

Beethoven's Mass in C major will be sung, with the accompaniment of orchestra and four solo members, students and residents of the town. Soloists will be Phyllis Evans, soprano; Barbara Hill, basso, contralto; J. Merrill Knapp, tenor, and Pauline Steckel, alto.

John Low Baldwin, Jr., associate professor at Hamilton College, will give an organ recital this Sunday at 4 on the new organ of Trinity Cathedral in Trenton. His program of compositions from the 17th century is sponsored jointly by the Princeton and Trenton chapters of the American Guild of Organists.

IT'S NEW TO US

ender), 20 to a box for \$1, packed with two little cakes of violet scented soap. The boxes have circles that look like stylized life savers. Drop one in the basin when you wash your hands for a pleasant fragrance.

Schimpff's note paper and, as you might guess, the "thank-yous" all say "merci beaucoup".

There is some full-sized paper in a deep coral that is probably "Shocking pink", and the packet is wrapped in black lace, no less.

Bridge devotes may buy a card-table cover that has playing cards to match. Choose your pattern from alet, chequer or a pair of knowing-looking eyes.

When high humidity comes, remember the No-Clog salt shakers at Stone-Wald's. They have tiny prongs in a metal jacket that fit into the holes and they can't stop up. Comes in natural birch with black, or glass with plastic.

Cotton Picking. A certain sixth sense having told us that warm weather might be on the way, we stopped in at Bonberger's the other day to look over the cotton market.

First thing we saw was a rack of plausibly tailored house dresses for \$3.98. They are floral — those are the \$3.98 mostly — or oversucker in a cap-sleeve style with buttons along the shoulders of the way down the front. One-sleecker is enlivened by red embroidered arrows at pocket points. Another comes in a modest sun-dress style. Sizes go up to 20.

In the maternity department there are lots of two-piece dresses whose blouses have deceptive vertical pin-tucks, or permanent acetate pleats. One is a simulated cambray blouse with a soft pink singham blouse under it. A navy skirt completes the ensemble. For dress there is a blue dress with a wide, cool boat neck edged with two white ruffles. Another blouse is ingeniously pleated from sole to top to hem.

Maternity separates include some pedal pushers in aqua corduroy, and others in muted tones of chambury. A coral denim pedal pusher would cheer any prospective buggy pusher.

Regular sizes who keep in sharp eye on budgets will enjoy looking over the collection of plaid sheathes. Bamberger's. Some are yellow and grey, some pink and green, all with sensible price-tags. Navy acetate makes a short-sleeved dress with a quiet silk and a white collar. Cost, \$6.98. We were most surprised to find that Bamberger's toys around with. We found it in a simple dress that looks like linen and is cut without collar and with neat short sleeves. Rayon and cotton make

a pink sleeveless sheath for party wear at \$6.98.

Better dresses (about \$14.98 and up) feature embroidery like the white on a black sheath (black on natural), or the small switches of yellow on a sheer rayon gingham. A magnificent dress — if you have someone to wash and iron for you — is a shirt-waist in dazzling white polished cotton.

It is a sleeveless sheath. French cuffs of a corded fabric edged with a narrow ruffle. The severe shirt collar is softened by an Edwarian sort of yoke, done with eyelet embroidery, pintucks and ruffles, punctuated with white pearl buttons. For \$19.98.

New Covers for Old Down. If your down comforter is moulting and needs a new cover, you may have one made as follows: enough for a new service offered by Verheyest's, Tulane Street. The \$20 price will give you a new rayon acetate cover for your quilt in pale blue or white, or \$25. You may have a Tex-Span cover (brown, green, blue), and if you really want to dress your feathers up, you may have down-proof sateen at \$12.95 or satin (also down-proof) at \$12.65.

The down-proof sateen is nonskid, and comes in prints. You may choose from a blue or pink Paisley, a Mexican scene in pink or blue, and a dark blue scenic print. The satin cover offers a choice of about eight colors.

The service takes two weeks, and if you wish, Verheyest will quilt up your quilt with more down. You may do this by the pound, or in a little goes a long way. The price includes cleaning, and the newly covered quilt will look like a new one.

Verheyest also has a new free moth repellent service, \$1.50, which they will provide on request. With it, your wool garments are insured against moths for six months, providing you continue to have them cleaned by the Verheyest system. Any other system of cleaning destroys the moth preventive.

A Look at a New School. Let's Look Ahead," a program of examination of slides and floor plans of the expanded Princeton High School, is planned by the PTA of the school for Tuesday at 8 p.m.

William H. Rhodes and B. Woodhull Davis will talk on the expansion plan after a short business meeting. Parents of seventh and eighth grade children in borough, township and district schools will be invited to attend the meeting.

Mrs. Norman A. Hulick is chairman of the refreshment committee. She will be assisted by Mrs. C. H. Farlee, Mrs. Robert Laird, Mrs. George Parker, Mrs. Nelson Cox, Mrs. Louis Rieger, Mrs. Frank Chamberlain, Mrs. Howard Watlington, Mrs. Edward Tornquist, Mrs. T. J. Maloney and Mrs. Dezzie L. Casey.

Annual Meeting Planned. The Princeton League of Women Voters will hold its annual meeting Wednesday at 8:15 at the First Presbyterian Church. Mrs. Frank Hopkins, a director of the State league, will speak on "One League in Two Municipalities, Its Problems and Its Future."

A committee headed by Mrs. Robert J. Shaw will point out aspects of this topic as they affect the Princeton organization. Other business to be transacted includes the election of officers and directors for the coming year, planning of the agenda for the next 12 months and adoption of the budget. Mrs. Louis Pensak is chairman of the refreshment committee.

Annual YMCA Meeting Set. The Rev. Ernest Gordon, Presbyterian chaplain at Princeton University, will be the keynote speaker at the annual meeting of the YMCA

on April 28. Frederick J. Worthington too, president, has announced.

A native of Greenock, Scotland, the Rev. Mr. Gordon served with a Highland Regiment of the British Army during World War II. A prisoner of war, he assumed the duty of chaplain to the Burma "railway of death" camp in Thailand. He was a layman at the time.

At the meeting, there will be an election of members to the board of directors, while the president's annual report will be read. A drive for membership will be opened with an invitation to the unenrolled men and boys in the Princeton area.

Women's College Club Meeting.

Dr. Earl L. Douglass, a graduate of Princeton and the Union Theological Seminary and a retired Presbyterian minister, will speak on "Writing as a Business" at the Woman's College Club at Avalon

on Monday at 8:30 p.m.

Dr. Douglass now writes an annual textbook for use by Sunday school teachers and has two nationally syndicated newspaper columns. Mrs. Charles Rogers is hostess in charge of the meeting, and will be assisted by Mrs. William Miller, Mrs. George Morton, Mrs. Clifford Quirk, Mrs. Courtland Perkins and Mrs. Ray Shankweiler.

Township PTA Discussion. The Kindergarten Service of the Princeton Township P.T.A. will hold its final meeting of the current school year Wednesday at 8:30 at the home of Mr. and Mrs. John F. McAndrew, 235 Edgerton Road.

The speaker will be Mrs. Moneema Kenyon, assistant in Early Childhood Education in New Jersey. Mrs. Shepard Kimberly, 2d, chairman of the Kindergarten Service, is being assisted in plan-

ning the program by Mrs. Richard C. Griggs. A question and answer period will be followed by refreshments.

Bryn Mawr Club Elects. Mrs. E. Baldwin Smith was elected president of the Bryn Mawr Club of Princeton at the annual spring meeting held at the home of Mrs. Lyman Spitzer.

Mrs. Lucy T. Shoe was elected secretary of the club, with Mrs. Harold Stein treasurer, while plans were made for the annual book sale on April 27-29. It was announced that Mrs. John R. Sheenan of Cold Soil Road had been elected chairman of the North Jersey Regional Scholarship committee at the annual meeting held in Summit. She replaces Mrs. Emerson H. Swift.

Sports in Princeton

Varied Athletic Action. The first big spring weekend of the season will provide sports followers with a variety of contests this Friday and Saturday. Baseball, track, golf and crew are all in the program, with the opening Ivy League baseball contest of 1955 first on the schedule.

Princeton will meet Brown at University Field Friday at 4, in one of those pre-Daylight Saving affairs that sometimes run into darkness. Two years ago, the teams had to stop in the tenth inning with a 4-4 deadlock still unresolved. Saturday's non-league game is with Colgate at 2, while next Wednesday the Tigers travel to Annapolis to meet defending champion Navy.

Rutgers is the track team's opponent in Palmer Stadium Saturday at 2, with the freshman teams of both universities making it a dual affair. Golfers will find their sport in action on the Springdale course at 2:30 with Princeton and Navy touring the 18-hole layout.

One of two varsity crew races of the season that is scheduled for Lake Carnegie climaxes Saturday's program. Princeton and Navy will row a mile and three-quarters at 5:30. A freshman race at 4:45 and a jayvee event at 5:10 will make an attractive regatta for the large crowd that good weather will draw to Carnegie's banks.

Navy Streak on the Line. In addition to ranking as the first race of the season, the meeting with Navy is of unusual significance because the midshipmen will lay their unprecedented 29-race winning streak on the line. Dutch Schoch's oarsmen have their sights set on shattering it.

It was on a hot, humid day in Marietta, Ohio, in 1951 that Navy last lost a crew race. All three of its shells swamped on the flood-choked Ohio, with the second straight year of frustrating rowing conditions bringing a switch in scene for the national regatta to Syracuse.

One of the finest rowing combinations ever to represent one institution then completed its plebe year at Annapolis as a unit of six young midshipmen moved into the varsity shell. For three years, veteran coach Rusty Callow blended their ability with others from the able Navy squad, and not once did the middies lose. They won three straight Eastern sprint titles, three national regattas and defeated the Russians in the 1952 Olympics at Helsinki.

Now the six men who were largely responsible for Navy's success are gone. It will still be a good Navy crew that rows to

SECOND GENERATION: Ed McMillan, Jr., sophomore catcher on the Princeton baseball team, is the son of the All-American center on Princeton's Big Three champion football team of 1925.

the stake boat shortly before 5:30 Saturday, but it's a crew other colleges will find more on their level of competition.

Princeton's young contingent, a blend of veterans, members of last year's jayvees and sophomores, has hopes of ending Navy's long skein. The Annapolis entry is still favored but the Tigers will be out to prove the odds are wrong.

Ball Team Is 4-2. After winning its first three games of the season, the Princeton baseball team dropped a pair last week and was well on the way toward defeat in a third. It took a five-run, two-out rally in the eighth to edge Maine, 9-8, as cold and dusk converged on University Field.

Some inept base-running and defensive play had cost the Princetonians rather heavily in the early rounds and they trailed, 8-4, as the 1st of the eighth arrived. Pinch-hitter John Biggs grounded out, pinch-hitter Dick Emery drew a walk but Royce Flippin fanned on a 3-2 count and there was little reason to believe that a rally was in the making. Virtually everyone in the stands had long since departed for warmer places.

Gordy Gray walked and so did Frank Mountcastle to fill the bases. Captain John Easton's savage blow caromed off the third baseman's leg for a double, scoring Emery and Gray and putting the tie run at second. Maine's third pitcher came on to walk pinch-hitter Jim Gibson and had a two and two count on pinch-hitter Dick Martin when he was removed.

Martin clipped his successor, Charlie Otterstedt, for a two-run single, Gibson going to third. Buelton, not afraid to making another pitch, Otterstedt had to throw to third, the balk sending Gibson home with the winning run. When Pete Van Gyttenbeck, a converted pitcher, finally came on to secure the win in the ninth with the aid of a quick doubleplay, that was the ball game.

Sophomore Lee Ford, who had blanked Lehigh in his first start, picked up the win in relief although he had already been removed for a pinch-hitter. He was tagged for three runs in 4 2/3 innings, but after such a start would have made his stint easier. Earlier, southpaw Craig McClelland had given up five runs and six hits in 3 1/2 rounds.

McClelland fanned three batters and drove in three runs, with Philipp hitting safely twice and driving

in a pair. The Tigers had batted in more than half the team's 31 runs, with Filipin batting .398 and Easton a great .417.

Two Outfits Sustained. The trip to New Brunswick Wednesday was a miserable occasion, made so by both the cold rain that fell during most of the game and the 13-4 loss that Rutgers piled up. In their otherwise unblemished record, Easton's grand slam home run gave the Tigers a brief 4-1 lead in the top of the third, but the dam broke in the fourth, five Princeton errors and some solid hits off Dick Emery's pitching giving the home forces six runs.

Thursday's game was a much better affair for the Tigers, who won in a 2-0 defeat at the hands of Villanova. Jim Gibson pitched well enough to win most games but Dan Severino blanched the Tigers on seven hits, three of them credited to Bill Agnew.

Only one of the runs off Gibson was earned, giving him a stretch of 16 innings in which he has yielded but one such tally. He has had a remarkable year, the best pitcher with Ford a close second. Both will be ready for Friday's league opener against Brown.

Emory and McFetland have been treated rather kindly by the opposition, with Gibson and Ford the best bets for a good season. The team batting average after six games was .251, so that a difference of .100 may not be enough to win a majority of the contests this season. A big turning point will come Wednesday with the ninth game of the season, the team whose victory last Saturday marked the Tigers' downward trend after a fast start.

P.H.S. Nine to Open Season. A 12-game schedule for the Princeton High School baseball team will open Tuesday when the Little Tigers meet Ewing Township High on the latter's diamond. Six straight games will be played away from home before Long Branch comes here on May 12.

Coach Morrill Shepard is starting his 20th year as coach at Princeton High. Marked improvement over last year's 1-10 record is expected.

Four pitchers will see most of the action this season for the Blue and White. Shepard and his assistant, Joe Jingoli, are working with Tommie O'Brien, John Parsons and Harold Phaneuf. Bill Watson, Frank Kessler is the leading candidate for the catching assignment.

Outfield candidates include Lee Aussererman and Peter Smyth at first base; Ken Luck and Ted Lubas at second, with the veterans Bob Montgomery and Bill Rodelet back at short and third, respectively. A large group of candidates for the outfield is battling for the three starting assignments.

Trout Facts

The New Jersey trout season opens Saturday morning at 8 o'clock and will run until November 30. During the past month, streams throughout the state have been stocked by the State Division of Fish and Game, a part of the State Department of Conservation and Economic Development.

Dr. Joseph E. McLean of the New Jersey State Game department believes fishing will be an excellent season in store for them. Nearly a quarter-million trout have been liberated into ponds and streams since mid-March from state hatcheries.

Rainbow and Brook trout have dominated the first distribution programs, but some lake trout were included in each truckload. Brown trout will be added in considerable number during the weeks ahead. Included are some 20,000 steelhead trout which have served as breeders in the hatchery pools. These are up to 22 inches in length and weigh up to three or four pounds.

ments, with positions still wide open when the squad returned to school following spring vacation.

The 1955 schedule: April 19, Ewing Township, away; 22, Trenton Catholic, away; 28, Hamilton, away; May 2, Trenton, High, away; 6, Long Branch, away; 11, Lawrenceville, away; 13, Long Branch; 16, Hamilton; 18, Ewing; 23, North Plainfield; 25, Trenton Catholic; 27, Somerville.
